Facility Identification Number: 37813
Special Temporary Authority (STA)
BESTA-20160104ANM

Dear Licensee:

This is in reference to the request filed January 4, 2016, on behalf of Educational Media Foundation ("EMF"). EMF seeks an extension of the July 8, 2015 Special Temporary Authority (STA) to continue such operation until the licensed facilities can be reconstructed.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

The STA extension request IS HEREBY GRANTED. Station KTLW may continue to operate from its licensed site with the emergency installation described in the July 2, 2015 STA filing, at 2.5 kW ERP. EMF must notify the Commission when licensed operation is restored. LWC must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **July 10, 2016**

Sincerely,

Dale Bickel
